Dear Parents and Guardians,

Wilson Middle School is sharing information about the district and your child's campus with you as part of its obligations under the federal Every Student Succeeds Act of 2015 (ESSA) and the Texas legislature. **You will find links to three reports: School Report Card, Texas Academic Performance Report, and the Federal Report Card.** All three reports are directly tied to 2018-19 school accountability data.

**School Report Card:** This is a report required by the Texas Legislature and prepared by the Texas Education Agency. It is to be sent to the parent or guardian of every child enrolled in a Texas public school. The report provides information concerning student performance on the State of Texas Assessments of Academic Readiness (STAAR), as well as information on student enrollment, class size averages, and financial expenditures.

The information contained in the School Report Card is required by state law and is briefly described in the enclosed "2018-19 School Report Card Definitions." The report for our school may or may not have all the information described, because the information presented depends on whether the school is an elementary, middle, or high school.

State law requires that the school report card display information about the state, the district, and the school. Where possible, the information must be reported by race/ethnicity and socio-economic status of the students and must include at least two years of results.

**Federal Report Card:** This is a report required by the federal government and prepared by the Texas Education Agency. The report contains the state accountability data included in the School Report Card and TAPR, and additional data related to civil right measures, teacher qualifications, and per-pupil expenditures. This report can be accessed online at:
